Financial Aid = Tuition Discounts

Policy

TADS (Tuition Aid Data Services) is used to conduct financial need assessments for interested families. Only students who have completed the Enrollment Process will be considered for Financial Aid. You may apply for tuition assistance by completing the the online TADS application. TADS charges a non-refundable fee per family for this service and you are asked to upload your recent W-2, 1040 tax forms, etc. Award amounts may be impacted by timeliness of application, fulfillment of prior years' obligations, and the number of financially qualifying families sharing available assistance funds. Keep in mind that applying for financial aid does not guarantee you will be eligible for assistance, and eligibility does not guarantee that financial aid will be available. Families foreseeing a financial need should prayerfully explore all possible resources of alternate funding. Completed assessments will be reviewed by the Financial Aid Committee (FAC) based upon dates of verified submission and family interviews will be conducted. Financial aid is awarded on an annual basis, requiring the application process to be completed before each school year.

*At this time we do not offer financial aid for preschool students.
